

A WILCOX *Agri-Products* GROWER SOLUTION...

PART TWO: POST HARVEST TILLAGE *SOLUTIONS*

YOUR FALL BEDS ARE READY FOR SPRING!

- Vine trash eliminated.
- Furrows ripped & shattered.
- Beds listed and shaped to proper heights.
- Beds chiseled, mulched & leveled.
- Fall pre-fertilizer applied (option)
- Your Drip Tape is preserved.

ADVANCED AG TILLAGE SOLUTIONS SINCE 1973

(916) 776-1784 14180 Highway 160 PO Box 70 Walnut Grove, CA 95690 www.wilcoxap.com

We have the “1-2 punch” you need to solve your Post-Tomato Harvest tillage challenges!

1. WILCOX In-Furrow Chisel

2. WILCOX HD Performer

The WILCOX *In-Furrow Chisel* and the WILCOX *HD Performer* provide a **SUPERIOR, “1-2” tillage solution** for the entire post-harvest reclamation & rejuvenation of beds – **while protecting your Drip Tape investment.**

**“Got furrows like cement?
We’ve got the tillage
solution for you!”**

- **Wavy Coulter Gang** *cuts and sizes bed trash & improves bed condition for HD Performer pass.*
- **Heavy Duty Wilcox Shanks** *rip, fracture and loosen compacted furrows.*
- **Chrome-Tipped Furrow Crumblers** *fit furrow contours, break clods and improve finish.*
- **Preserves Your Drip Tape installation.**

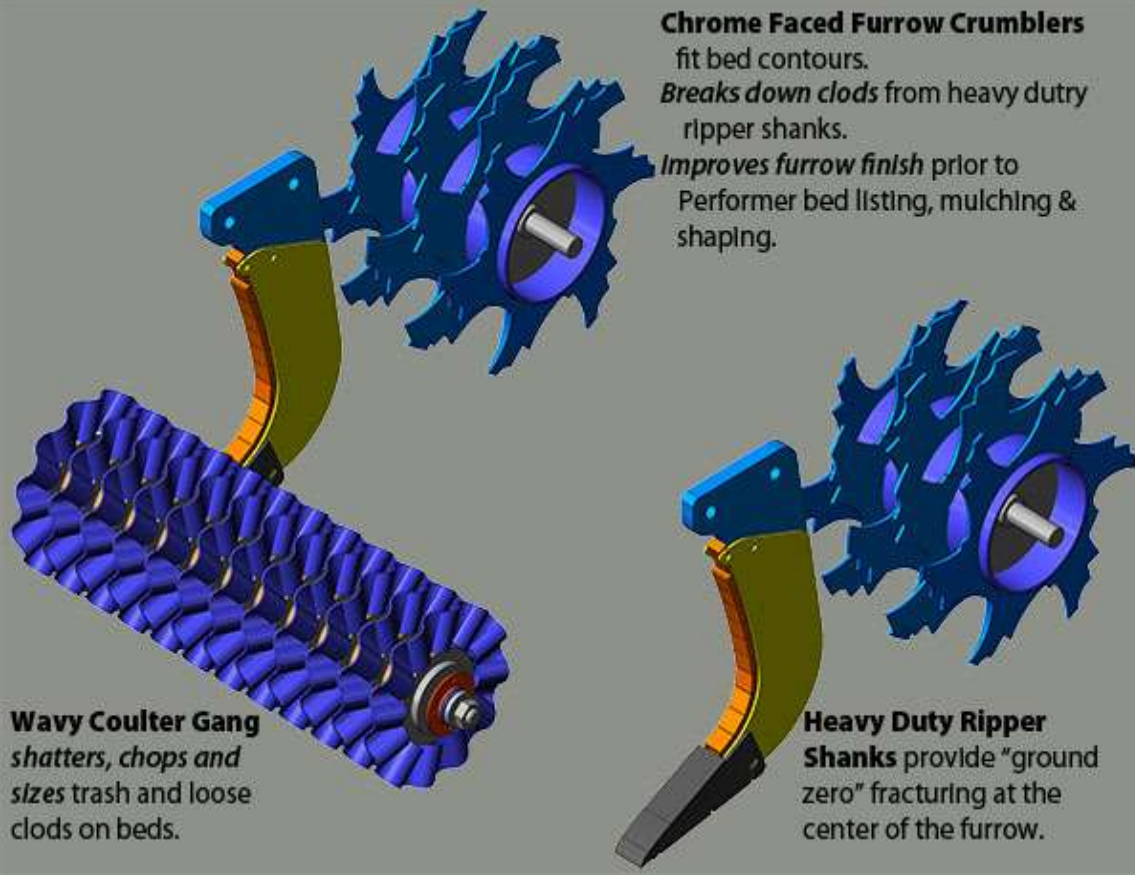

“Fracturing hard dirt is all in a day’s work for the WILCOX In-Furrow Chisel!”

Chrome
Faced Furrow
Crumblers

Wavy Coulter
Gang

Heavy Duty
Ripper Shank

Chrome Faced Furrow Crumblers
fit bed contours.
Breaks down clods from heavy duty
ripper shanks.
Improves furrow finish prior to
Performer bed listing, mulching &
shaping.

Wavy Coulter Gang
*shatters, chops and
sizes* trash and loose
clods on beds.

**Heavy Duty Ripper
Shanks** provide “ground
zero” fracturing at the
center of the furrow.

A WILCOX Agri-Products GROWER SOLUTION....

WILCOX In-Furrow Chisel – *Unsurpassed* results for ripping, fracturing and loosening compacted furrows, while preserving your drip tape investment.

Wilcox In-Furrow Chisel

The WILCOX HD Performer *follows* the In-Furrow Chisel. If compacted furrows are *NOT* your challenge, the HD Performer is the *ONLY tool* you need to solve your post-harvest challenges.

WILCOX HD Performer

WILCOX HD Performer

*“Maximum tillage
benefits per
tractor hour,
reduces passes and
promotes maximum
yields!”*

- **Maximum BED fracturing, mulching & shaping**, applied directly to the *GROWING* area of next year's crop.
- **Cuts trash, chisels, lists, mulches, levels and shapes beds.**
- **NO PTO** – High speed, ground driven.
- **Conservation Tillage:** *Reduces passes, production costs, labor and fuel use.*

WILCOX HD Performer

- Your beds receive maximum fracturing benefits from the heavy duty chisel shanks.
- The reel incorporates bed trash and aerates the soil.
- The listing and clean out shovels raise and shape your bed and leave uniform furrow depth.
- The bed shapers and shovels smooth and level the bed finish.

All of this while preserving your drip tape.

- **Pre-plant, post-plant fertilizer application & herbicide incorporation *options*.**
- **Row Spacing Flexibility.** *Single or double row bed spacing's; 30", 60", 66", 72", 76", 80 and 84".*
- **Spring** side-dressing and lay-by operations *at 7 mph* – and added bonus!
- **Preserves your Drip Tape Investment.**

WILCOX HD Performer

“One pass with the WILCOX HD Performer can replace as many as 4-6 passes of conventional tillage operations... a tremendous impact on reducing your fuel, labor and operational costs/acre and tractor costs/hr.”

Wilcox HD Performer: Fall, Post-Harvest Configuration:

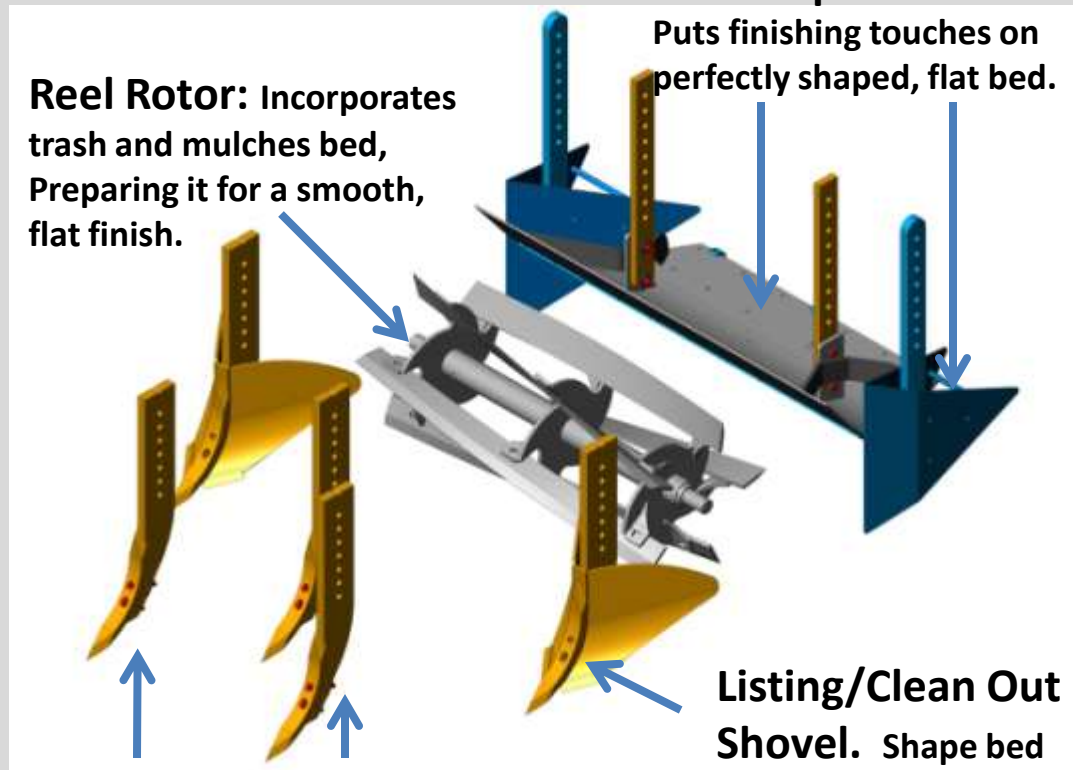

A Closer Look:

Reel Rotor: Incorporates trash and mulches bed, Preparing it for a smooth, flat finish.

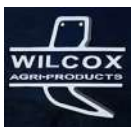

Bed Shaper & Shovels:

Puts finishing touches on perfectly shaped, flat bed.

HD Chisel Shanks: Fracture beds, eliminate compaction and allow for soil aeration.

Listing/Clean Out Shovel. Shape bed and furrow.

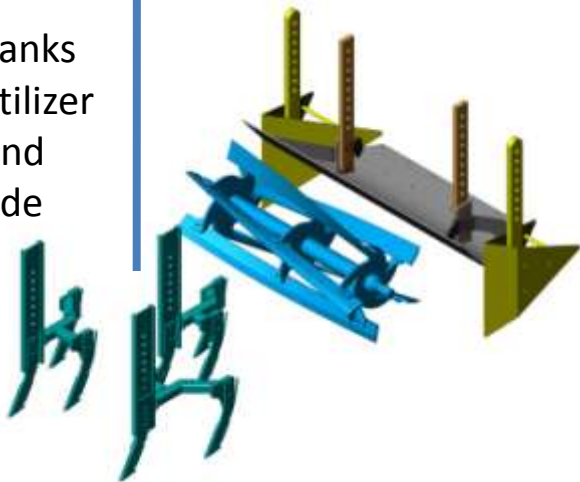

BUT THAT'S NOT ALL: Wilcox HD Performer keeps working come Spring!

• SPRING FERTILIZING CONFIGURATION

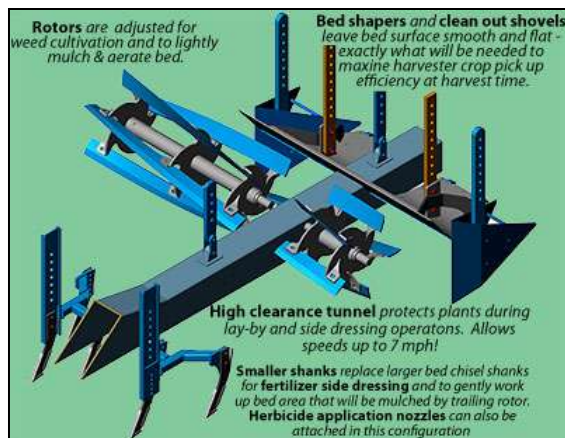

Smaller shanks for pre-fertilizer injection and fertilizer side dressing.

• SPRING LAY-BY CONFIGURATION

High clearance tunnel protects plants and allows speeds up to 7 mph!

With easy, in-field adjustments, your HD Performer is now ready for SPRING lay-by and side dressing operations. Your post-harvest tillage solution continues to work for you, maximizing the value of your equipment investment. .

A WILCOX *Agri-Products* GROWER SOLUTION...

WILCOX *HD Performer* – *Unsurpassed* results for Fall reclaiming, rejuvenation and complete bed tillage, while preserving your drip tape investment.

WILCOX ***SUPERIOR*** post-harvest tillage solutions meet ***ALL*** of your tillage challenges!

- ✓ – Eliminate post harvest trash – loose bed trash and trash sticking to beds.
- ✓ – Rip and shatter **FURROW** compaction.
- ✓ – Chisel and fracture **BED** compaction.
- ✓ – Repair bed erosion from harvester, tractor and bulk trailer travel.
- ✓ – Reshape bed sides and heights, up to 12 inches.
- ✓ – Rejuvenate beds for optimum YIELD, by promoting root growth and moisture and nutrient uptake.
- ✓ – Fall post-harvest fertilizer and herbicide application (if you apply).
- ✓ – REDUCE COSTS by reducing the number of field passes, fuel and labor costs, and maximizing the tractor horsepower per hour and per acre.
- ✓ – Leave fall beds in great shape for early spring work and planting.

A WILCOX *Agri-Products* GROWER SOLUTION....

“The **WILCOX In-Furrow Chisel** and the **WILCOX HD Performer** are designed to provide a SUPERIOR tillage solution for your entire post-harvest reclamation & rejuvenation of beds - while protecting your Drip Tape investment.

And you get even more value from your investment by putting the HD Performer to work in the Spring for your side dressing and lay-by operations.”
